

Exceptional service. Dykema delivers.

Dykema's Incident Response Team

Ready to respond to your needs 24/7

Dykema's Privacy and Data Security attorneys are available 24/7 to assist clients in the aftermath of a security incident. We also help clients mitigate and contain regulatory and litigation exposure, as well as cyber risk. We understand that responsiveness and customer service are critical to your business, just as they are critical to ours.

We provide a full suite of services to manage the entire life cycle of a company's data from its creation to ultimate deletion, including incident response and data breach litigation; cyber insurance; international compliance and agreements; consumer class action defense; employee education and training; federal and state regulatory and compliance counseling; mergers, acquisitions and vendor/partner transactions; and privacy C-Suite counseling (privacy program creation, privacy impact assessments, "privacy by design" and product development counseling).

Call your Dykema Cyber Responder Team for an immediate consultation if you suspect a possible incident.
