"Insurance Compliance," speaker Tom Alleman, MBA's Commercial/Multifamily Servicing and Technology Conference 2013, Phoenix, Arizona

May 19, 2013

2:00 pm - 3:15 pm
Insurance Compliance
McArthur Ballroom, Salons 1-2

Insurance is a complex and changing product and represents a significant expense to a servicing operation. Interpreting document requirements, managing after natural disasters and assessing compliance are key activities. In addition, insurance staff must understand insurance products and balance the realities of the current and changing insurance market with existing loan requirements. Join this panel of insurance experts for insight into insurance servicing.
