### **Rochelle Lento to Present at Affordable Housing Tax Credit Conference**

**May 11, 2012**

Dykema lawyer, Rochelle Lento, is a presenter at the Affordable Housing Tax Credit Conference in New Orleans on May 17-18, 2012. Lento will share a case study in which innovative thinking and creative approaches to financing helped deliver a \$50 million mixed-use renovation of an historic, but downtrodden, building in downtown Detroit. Upon completion, the building will provide 155 one-bedroom apartments and support services for formerly homeless adults.

This conference attracts the nation's leading industry practitioners, including major developers, housing finance community professionals and senior executives from state and local housing agencies.
