Phyllis Adams Honored at Aging Services of Michigan Awards Gala

June 14, 2012

Phyllis Adams, a member of the Firm and former head of Dykema's Health Care practice, was named "Business Partner of the Year" at the Aging Services of Michigan (ASM) Awards Gala, held in Lansing, Michigan in late May. In presenting this award, the ASM—which represents mission-based providers of housing, services and care for seniors across Michigan—praised Adams' "tireless dedication and commitment" to the association, its members and senior citizens.

Founded in 1968, Aging Services of Michigan is the state's largest not-for-profit association devoted to senior housing and health care needs. ASM's more than 230 member organizations include home and community-based services, home health and hospice care facilities, senior housing, assisted living, hospital long-term care units and nursing homes.
