April 2, 2015

Dallas-based attorneys, Brian A. Colao, member in the Dykema's Litigation Department and leader of the firm's Dental Services Organization Group, and Eric White, senior counsel, and Jenni Tauzel, associate, both in the firm's Corporate Finance Practice Group, co-authored an article—"Social Media and HIPAA: 9 Tips to Stay Compliant"—that appears in the April issue of *North Texas Dentistry*, a monthly publication aimed at dental industry owners and practitioners in Dallas and its surrounding counties.

In the article, the authors discuss how dentists, dental practices, dental service organizations and all employees at dental offices need to be aware of the best practices and pitfalls of using social media in order to protect against unintended distribution of Protected Health Information (PHI).
