### **Jill Wheaton Quoted in *Michigan Lawyers Weekly* Story About Dykema Victory in Michigan Supreme Court**

**July 19, 2016**

Jill M. Wheaton, Ann Arbor-based member in Dykema's Litigation Department and Leader of the firm's Appellate practice, was quoted in the *Michigan Lawyers Weekly* article, "MSC: Pandora user is not a 'customer'," which discusses Wheaton's recent victory in a case, *Deacon v. Pandora Media, Inc.*, heard by the Michigan Supreme Court.

The article gives background information about the case and also provides analysis, including a portion of Wheaton's supplemental brief. Wheaton would go on to state that the impact of the Court's decision on future cases is unclear and also acknowledged that it is very unusual for the Michigan Supreme Court to answer a certified question as it did in this case.
