Dykema has been a mainstay in Oakland County for more than 45 years. Our Bloomfield Hills office, centered in one of the fastest-growing regions in the country, has more than 65 experienced attorneys practicing in a range of legal areas, including litigation, M&A, corporate finance, real estate, environmental and tax.

Our continued growth is driven by our strong relationships throughout the Michigan business community – from startups to Fortune 500 companies – as well as our outreach nationally. We provide trial counsel, regulatory guidance and business advice to the core industries fueling the region, including automotive, banking & financial services, healthcare and real estate.

Dykema strives to maintain a workplace that is free from recognized hazards and to promote the health and well-being of our employees, their families, and those who visit our offices. As part of this effort, Dykema has implemented certain safety protocols utilizing CDC, OSHA and other available guidance. Accordingly, Dykema requires that visitors be fully vaccinated against COVID-19 to enter Dykema offices.
